### Efficient and supportive

I have immense respect for Liam and his team. We received excellent support throughout the process of identifying and securing a track scholarship. Everything was as expected when we signed up, but the most impressive aspect was Liam's response time whenever we had questions. He replies almost instantly, and usually within the hour. Before we reached out to Liam, we received no responses to the messages we sent to coaches. After connecting with Liam, we had more options than we could handle! Overall, we are massively impressed with Liam and his team, and we are really excited about our son's upcoming journey in the USA.
